

# VISHVA DIXIT

## IN CONVERSATION WITH IGNITE,

*The stories behind the science*

Co-hosts: **CACTUS** and **IndiaBioscience**

**Interlocutor: Rams Subramanian** (*Founder and Board Member, Ignite Life Science Foundation; Professor, Biological Sciences and Biomedical Engineering, Purdue University*)

**Date**  
16/06/2022

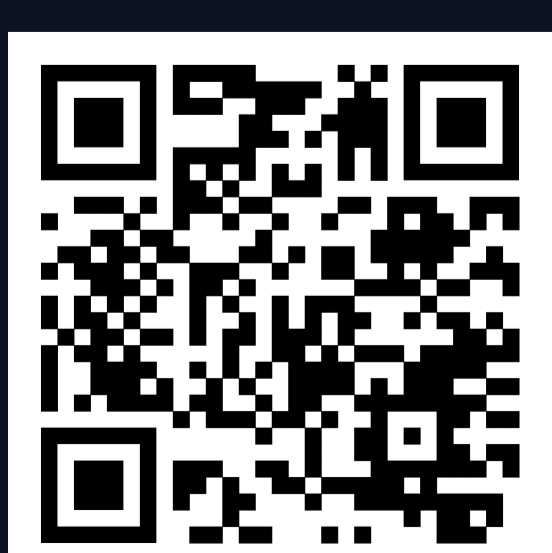

**Time**  
18:30 IST | 06:00 PST

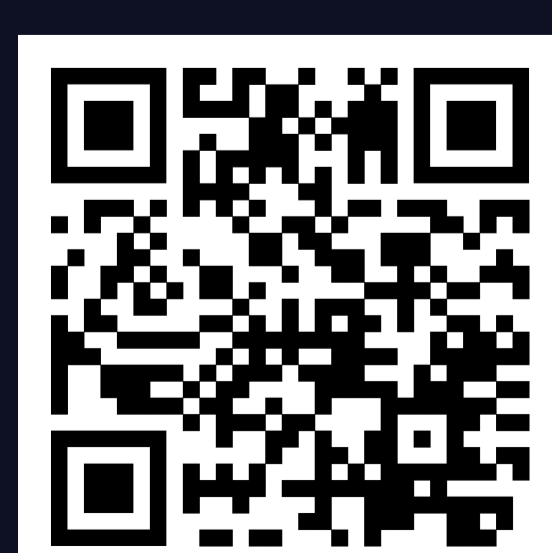

**Vishva Dixit** is VP - Early Discovery Research, Physiological Chemistry at Genentech. He also oversees Genentech's Postdoctoral Researcher program. Dr Dixit's current interests include cell death and inflammation and the molecular pathways involved in their regulation. His laboratory also studies the components of the innate immune system, including adaptors that activate pro-inflammatory proteases (caspases) in response to "danger signals".

**IN CONVERSATION** with **IGNITE** is a live online series where we explore the lives and work of scientists in an informal conversation.
